DETAILED ACTION

Claim Objections

1. Claim 16 objected to because of the following informalities: Line 1, "storage" must be inserted into between "readable" and "medium". Appropriate correction is required.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-24 and rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential steps, such omission amounting to a gap between the steps. See MPEP § 2172.01. The steps of "receiving ... using ... an egress end" as first and the steps of "storing Egress end" as the second are missing some critical elements between them because the first and second do not related with each other wherein the first discloses the use of the header for conveying packet and recovering the data stream and the second discloses a calculation the average frames and comparing with threshold to generate a indicator and sending a byte at the egress end.
4. Claims 4 and 16 and rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
5. Claims 4 and 16 recites the limitation "said header byte" in line 3. There is insufficient antecedent basis for this limitation in the claim.
